

Thank you for purchasing a *Wall Glamour* product.

We hope you enjoy creating a unique space in your home.

### How to apply Wall Glamour

Before you start to apply your new Wall Glamour we suggest you take a minute to prepare yourself and read these instructions through fully. Although Wall Glamour is easy to fit, it does require a little patience for larger items. It's a good idea to plan where you are going to put your new purchase in advance of peeling the silicon paper off. Care needs to be taken when fitting Wall Glamour as it is **not** a reusable item, it can be easily removed but it will more than likely be damaged.

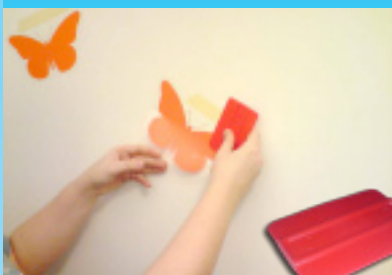

Freshly painted or cleaned walls should be allowed to dry for 2 weeks before applying. Prepare the surface before applying your Wall Glamour, you must thoroughly clean the surface of dust or grit which will show up and spoil the final look of your design. Make sure you wipe the surface well and leave to dry before attempting to apply. Then take the scraper provided and rub it on the back of the Wall Glamour to allow the transfer paper to re-attach the vinyl.

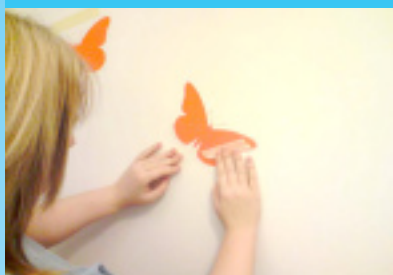

**Step One** - Position vinyl then masking tape onto surface. Some items will be supplied pre-cut but it may be of use to trim around the graphic to aid applying.

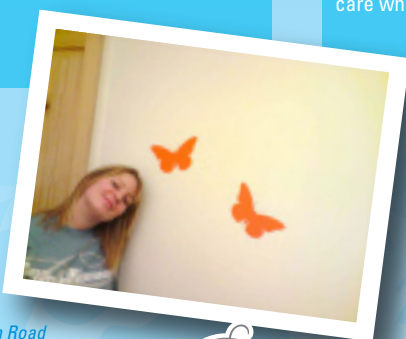

**Step Two** - Lift graphic and carefully peel the backing paper to half way, making sure all the graphic is on the clear transfer film. If the vinyl is stuck to the paper smooth the paper back onto the transfer film until it sticks then re-try.

**Step Three** - Move the scraper over the film at 45 degrees as you apply. Apply in a firm smooth motion so you don't get any air bubbles. Remember vinyl is very sticky so keep the rest away from wall whilst you apply.

**Step Four** - Wait about 30 mins then peel back the edge of transfer film & remove by pulling slowly and carefully away at 180 degrees to vinyl. Make sure none of the vinyl pulls up with the transfer film. Take care when removing from a painted wall.

*Wall Glamour*

[www.wallglamour.co.uk](http://www.wallglamour.co.uk)

We have industry experience of applying vinyl which we have tried to pass on in a simple easy to use way, however we cannot take any responsibility for errors you make during the fitting of your Wall Glamour. We also cannot be held responsible for any damage to paint work when you are removing Wall Glamour. This is a DIY home decoration product and is supplied on the premise that you may have to touch up areas of paintwork after removal.
